

WELL DONE TEAM!

What a month... As most of you know we have achieved Gold status and so we are no longer part of Karen & Steve's PSG. A massive well done to everyone in our team our success really is down to you guys. We're now looking forward to helping as many of you as possible get to Gold and above yourselves!

As we're our own group, from now we're doing our own newsletter... These last couple of months have been a very exciting time for us, and for many of you in the team. With the German launch in May, qualification for Mauritius now well under way, new tools appearing from BIDS, and so many new people joining the team and hitting new levels things are really hotting up! There is a real feeling of excitement in the air at every meeting, and we are looking forward to working with each of you this year to help you achieve your goals. We have a new team website in development which will aid in lead generation and also feature a login where you can view and download various training information and resources. Full details in next period's newsletter but make sure we have your email address to be kept up to date!
